

# Hypnotic Squiggle Game

My sister and I made this game up when we were kids and used to play it a lot. Play it with a friend, lots of people or on your own.

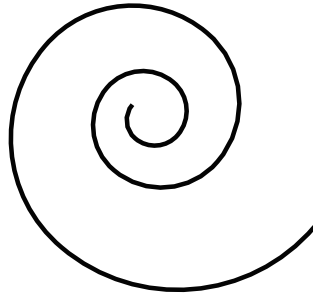

## RULES

1. Each person gets the same squiggle.
2. Decide how long they have to draw.
3. The aim is to turn the squiggle into a picture. Use your imagination. The squiggle must be properly integrated with (that means included in) the rest of the picture.
4. Set the timer. GO!
5. When everyone has done their pictures you can judge the results, and have someone mark out of 10... or not!

THERE ARE THREE SQUIGGLES HERE TO START YOU OFF BUT YOU CAN DO YOUR OWN SQUIGGLES.
